CATALOGUE No. 172

ISSUED 1921

CATALOGUE No. 172.

## CONDITIONS OF BUSINESS.

ALL PRICES IN THIS CATALOGUE ARE  
**MINIMUM NETT RETAIL.**

*THE WHOLESALE PRICES ARE ISSUED IN A SEPARATE LIST (No.172(2)) TO THE TRADE ONLY.*

**CARRIAGE.** All quotations and list prices are based to consign goods "Carriage Forward," and are subject to the additional charges for Carriage when sent "prepaid," according to Railway Companies or Carriers' regulations.

**PRICES AND DELIVERY.** The Prices in this Catalogue are subject to the fluctuations of the market, and are liable to alteration without notice.

The retail prices shown herein are nett for cash with order only. Dealers are justified in charging extra for credit accounts, and, if necessary, extra for fitting.

Owing to the present abnormal conditions, all goods will be charged at prices current at time of delivery, and all orders, contracts, and delivery promises are without engagement or responsibility, and are accepted by us on this understanding, and that we are not to be held responsible in damages or otherwise for failure or delay in delivery, resulting wholly or partly from Fire, Strikes, or combination of Workmen or Employers, or for any breakdown in transit that may occur either to or from our Warehouse, or from the unavoidable, total or partial stoppage of Works from War or failure in supply of Raw Material, or from any other cause unavoidable or beyond our control. We exercise the right to suspend delivery of any Order or Contract from time to time if any account is not paid at the proper time.

**PACKING.** Exceptional care is taken to ensure the systematic checking and packing of all goods sent out of our warehouses. All goods are consigned in good condition, and are signed for as such by the Carriers, who are then responsible. In the event of any loss or damage when goods are tendered, they should be signed for accordingly, and a claim made upon the carriers within three days. Should carriers fail to make delivery, customers are requested to advise us within seven days.

If any goods are returned for exchange or credit, advice must be sent to us, giving reason for returning, also date and reference number of invoice or "contents note," and all goods returned must be consigned "Carriage Paid" or will not be accepted.

**NOTICES.** It must be distinctly understood, and is a condition of sale, that in regard to all goods sold by us, we do not undertake any

liability for consequential damages of any description. We give no guarantee on any goods sold by us, nor do we take any responsibility. We will at all times do our best to get any defective goods replaced by the manufacturers.

We reserve to ourselves the right of cancelling any quotation, order or contract, or to withhold supplies from any persons or firms whose names shall appear, and so long as it shall appear, on the "Stop Lists" of the C.T.U.

All goods purchased from us are supplied on the express condition that they must not be sold by auction, or used or re-sold for the purpose of being employed in any advertising prize scheme or any other condition provided for by the C.T.U.

All goods herein listed are sold only on the condition that they are not to be exhibited either directly or indirectly at any exhibition in the United Kingdom of Great Britain and Ireland without our written authority.

**NOTES re ORDERING GOODS.** Many Orders are received without full addresses, thus causing delay in despatch of goods. Orders by Telegram can only be executed for customers having an account, or if cash is wired with order.

Telephone and Telegraph Orders should always be confirmed in writing the same day, and marked "Confirmation" (if not so marked we do not undertake any responsibility if order is duplicated).

**CANCELLATION OF ORDERS CANNOT BE ACCEPTED BY TELEPHONE.**

Orders for goods to special requirements are accepted on the understanding that when such goods are in process of manufacture or have been completed, cancellation cannot be accepted.

**ILLUSTRATIONS.** We cannot guarantee these as to detail, as improvements and alterations are often being made, which cannot be advised.

**AGENCIES.** The term Agent is used in a complimentary sense only, and those firms whom we style as Agents are not authorised to advertise, incur debts, or transact any business whatsoever on our account, other than selling goods which they may purchase from us. Nor are they authorised to give any warranty or make any representation on our behalf other than those contained in our guarantee.
