**YOUR LOCAL DEALER:-**

After years of research we find that there is always "the man in the middle" (and the lady) who does not want a Racing Cycle, nor do they want a heavy old-fashioned machine but a genuine lightweight Tourer. The 88 (Gents) and the 89 (Ladies) combine a fine-looking quality frame built with Reynolds tubing - and the straight handlebar style with mattress saddle, yet the machine switches to lightness and grace again with a 5-speed derailleurs gear and high pressure wheels. The finish is different too, from the rest of the Falcon range, i.e. brilliant black. The Models 82 and 83 are the not-so-quite-sophisticated brother and sister of these outstanding models 88 and 89.
